2430 E. Street, N. W.  
Washington, D. C.

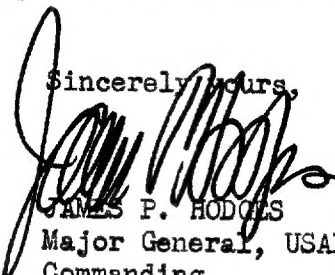

My dear General Smith:

25X1A9a I want to thank you for your generous assistance in making [REDACTED] available to address the Volunteer Air Reserve Officers at Floyd Bennett Naval Air Station.

25X1A9a [REDACTED] address added authority to our program and provided information which will improve the effectiveness of our Reserve officers in their future military careers. He is a representative of whom you may be justifiably proud, and his speech reflected credit upon your organization and upon himself. In fact, his presentation was a topic of conversation throughout the remainder of the course. His personality made a profound and favorable impression upon all those in attendance.

25X1A9a Again, let me express my appreciation which I hope you will pass on to [REDACTED]

Sincerely yours,

  
JAMES P. HODGES  
Major General, USAF  
Commanding
